Continuation of 11, does NOT place the application in condition for allowance because:

First, new grounds of rejection we not set forth in the Final Office action mailed 1/19/2010. The rejections were exactly the same as those set forth in the Final Office action mailed 2/26/2009.

Next, the claims have not been rejected under 35 USC 102(b). The Examiner cited 35 USC 102(b) in the response to arguments section merely to show that prior art that "was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States" is eligible as prior art even if it is the applicant's own work. Therefore, if the date of a prior art reference meets the date requirement under 35 USC 102(b), it is eligible for use under 35 USC 103(a) even if it is applicant's own work.

Finally, the claims were not rejected solely in view of 5,864,428 to Hesline. In fact the claims were rejected in view of Hesline and Zhao, Liu and Hesline, and Pan and Hesline under 35 USC 103(a). Therefore, it is not expected that Hesline disclose all of the claimed limitations. It is the combination of Hesline with the other references that disclose all of the claimed limitations.

The affidavit filed 1/27/2010 is acknowledged. However, the affidavit does not overcome the prior art references and therefore, the rejections of the claims are hereby maintained.
